The Role of Surgical Resection in the Therapy of HCC
- 12:05pm 12:30pm *René Adam, MD, PhD*
The Role of Hepatectomy in Non-Colorectal Metastasis
- 12:30pm 12:45pm *Moderators: Jean Emond, MD and Henri Bismuth, MD*
Session I: Question and Answer
- 12:45pm 1:45pm Buffet Lunch

1:45pm	:pm	Section II: Therapy of Pancreatic Disease
1:45pm	2:10pm	<i>John Chabot MD</i> Advances in the Treatment of Pancreatic Cancer: Contributions of an Interdisciplinary Center to Research and Clinical Outcomes
2:10pm	2:35:pm	<i>Peter D. Stephens, MD</i> Endoscopic Approaches to the Diagnosis and Management of Pancreatic Disorders
2:35pm	3:00pm	<i>Eduardo Barroso, MD</i> Advanced Surgical Techniques in Pancreatic Resection
3:00pm	3:25:pm	<i>Milan Kinkabwala, MD</i> Pancreas Transplantation and Cellular Therapy
3:25pm	3:50pm	<i>Réal Lapointe, MD</i> Management of Endocrine Tumors of the Pancreas
3:50pm	4:05pm	Afternoon Break
4:05pm	4:30pm	<i>John Allendorf, MD</i> Management of Benign Pancreatic Disorders
4:30pm	4:55pm	<i>William Jarnigan, MD</i> Advanced Therapy for Intrahepatic Cholangiocarcinoma
4:55pm	5:20pm	<i>Abby B. Siegel, MD</i> Chemotherapy for Biliary and Pancreatic Cancers
5:20pm	5:45pm	<i>Jonathan Susman, MD</i> Percutaneous Therapy of HPB Tumors
5:45pm	6:00pm	<i>Moderators: Jean Emond, MD and Henri Bismuth, MD</i> Session II: Question and Answer
6:00pm		Adjourns

**International perspectives on Hepatic, Pancreatic and Biliary Surgery
Saturday, May 3, 2008**

- 8:00am 9:00am **Registration and Breakfast**
- 9:00am 12:00pm **Section III: Multidimensional Approaches for HPB Disorders**
- 9:00am 9:25am *Daniel Cherqui, MD*
Laparoscopic Resection of the Liver: Indications and Techniques
- 9:25am 9:50am *Nagy Habib, ChM, FRCS*
New Tools for Cutting the Liver: Research and Application
- 9:50am 10:15am *Andrew Gumbs, MD*
Laparoscopic Pancreatic Surgery
- 10:15am 10:30am Morning Break
- 10:30am 10:55am *Michel Gagner, MD*
Minimally Invasive HPB Surgery: What's New and What's Next
- 10:55am 11:20am *Dennis Fowler, MD*
Training in Advanced Laparoscopy: What is the Interface with Hepatobiliary and Pancreatic Surgery?
- 11:20am 11:45am *Ziv Haskal MD*
Advanced Therapy of Portal Hypertension
- 11:45am 12:00pm *Moderators: Jean Emond, MD and Henri Bismuth, MD*
Session III: Question and Answer
- 12:00pm 1:00pm Lunch
- 1:00pm pm **Session IV: Special Topics**
- 1:00pm 1:25pm *Francesco Meriggi, MD*
Liver Anatomy and Resections
- 1:25pm 1:50pm *Chao-Long Chen, MD*
Anatomic Techniques for Liver Resection in Living Donors
- 1:50pm 2:15pm *Sung-Gyu Lee, MD*
Surgery and Biology of the Partial Liver Graft; Right, Left, and Dual Grafts in Liver Transplantation

2:15pm	2:40pm	<i>Igal Kam, MD</i> Hepatic Vein in Living Donor Liver Transplant
2:40pm	2:55pm	Afternoon Break
2:55pm	3:20pm	<i>Laurence Chiche, MD</i> Indications and Surgical Therapy for Benign Hepatic Tumors
3:20pm	3:45pm	<i>Dominique Jan, MD</i> Hepatobiliary Surgery in Children
3:45pm	4:00pm	<i>Moderators: Jean Emond, MD and Henri Bismuth, MD</i> Session IV: Question and Answer
4:30pm	5:30pm	<i>Moderators: Henri Bismuth, MD, FACS and Daniel Cherqui, MD</i> Video Session
